EDUCATION

Year	Degree/Exam	Institute	CGPA/Marks
2029	Bachelor of Science	Indian Institute of Technology, Kharagpur	7.67 / 10
2025	Class XII, Karnataka State Board	Chandana PU College, Sirsi	96.33%
2023	Class X, CBSE	Jawahar Navodaya Vidyalaya, Uttara Kannada	95.00%

INTERNSHIPS AND PROJECTS

- **Student Ambassador | Google (via [Ping Network](#)) (Sep'25 - Jan'26)**
 - Promoted adoption of Google Gemini by conducting campus outreach initiatives and encouraging students to explore AI-powered tools.
 - Managed a community group of 50+ students to share updates, resources, and discussions related to AI technologies and Google developer products.
 - Facilitated awareness campaigns highlighting the practical use of generative AI tools for productivity and learning.
- **Blog Management System | PHP, MySQL, AJAX - [Link](#)**
 - Engineered a blog management system using PHP and MySQL with dynamic content rendering from database-driven templates. Implemented infinite scrolling functionality for seamless content loading, inspired by modern platforms.
 - Designed role-based authentication system enabling authorized users to comment, like, and dislike posts with real-time database updates. Built an interactive admin panel with rich-text editing capabilities (Word-style formatting) for publishing and managing articles.
 - Integrated view counter mechanism to track engagement metrics for individual blog posts. Developed user management module allowing admin-level control over user roles and permissions (admin/user access control).
- **Real-Time Chat Application | PHP, MySQL, AJAX - [Link](#)**
 - Developed a multi-user room-based real-time chat application enabling authenticated users to create and join discussion rooms.
 - Implemented AJAX-based asynchronous message synchronization for near real-time chat updates without requiring page reloads.
 - Designed backend database schema for efficient storage and retrieval of room-specific conversations. Built user authentication and access control to restrict chat participation to authorized users.
- **Real-Time Comment Management System | PHP, MySQL, AJAX - [Link](#)**
 - Designed and implemented an authenticated comment interaction system supporting threaded discussions with like/dislike engagement features.
 - Enabled asynchronous comment posting and reaction updates using AJAX, eliminating page reloads and improving interaction responsiveness.
 - Implemented secure access-controlled architecture ensuring that only authenticated users can post, edit, and interact with comments.

SKILLS AND EXPERTISE

Languages – C/C++ - PHP - Python (basics) - **Frontend** – HTML5, CSS3, JavaScript, Bootstrap, Tailwind CSS, **Backend** – PHP, Express.js Node.js (Coursework), **Database** – MySQL, MongoDB(coursework), **Concepts**: AJAX, Authentication, Role-Based Access Control, MS Office, MS Excel, Power Point, Video editing, Adobe Premiere Pro, Data Structures and Algorithms, Object Oriented Programming, Git/Github, Vercel

POSITIONS OF RESPONSIBILITY

- Associate | Kharagpur Blockchain Society| Indian Institute of Technology, Kharagpur** (Jan'26 - Present)
- Contributed to technical knowledge sessions on blockchain supporting web development including HTML, CSS and other technologies like Bootstrap.
 - Performed hands-on tasks analyzing the Bitcoin whitepaper, Solidity smart contracts, and Web3 integrations.
 - Supported the East India Blockchain Summit 2.0 (EIBS 2.0), East India's largest student-led blockchain hackathon with keynotes, panels, and prizes, collaborating on problem statements and innovation competitions.
- Junior Executive Member | KodeinKGP Technology Web3.0 Society| Indian Institute of Technology, Kharagpur** (Oct'26 - Present)
- Junior Executive organizing the Tech Triad Hackathon and Web3 technical sessions on web development, AI, and metaverse at IIT Kharagpur.
 - Assigned and doing targeted Coursera courses on AI /ML, and metaverse applications as part of skill-building initiatives.
 - Hoisted workshops and hackathons to give students hands-on experience with Blockchain Development and Artificial Intelligence.
- Associate Member | Students' Alumni Cell | Indian Institute of Technology, Kharagpur** (Nov'25 - Present)
- Assisted in organizing the Annual Alumni Meet 2026, coordinating engagement activities for alumni batches of 1972, 1986, and 2001.
 - Organized dedicated Alumni Meet for the 1971 batch (55th reunion) afacilitating networking, guest lectures, and Distinguished Alumni Awards.
 - Connected with various alumnus, their experience in campus, their suggestions for our future, and got to connect with various founders.
- GES Intern | Entrepreneurship Cell | Indian Institute of Technology, Kharagpur** (Dec'25 - Jan'26)
- Contributed to organizing Global Entrepreneurship Summit, assisting in coordination and outreach activities for the event.
 - Collaborated with team members in contacting authorities of different colleges throughout the country and bring its students to the event.

COURSEWORK INFORMATION

Linear Algebra -- Single Variable Calculus – Chemistry – Basic Electronics – Programming and Data Structures – Physics of Waves – Several Variable Calculus – Ordinary Differential Equations – Discrete Mathematics – English for Communication – Supervised Machine Learning: Regression and Classification – Solidity – DSA with C++

EXTRA CURRICULAR ACTIVITIES

- Awarded '**A**' **Certificate** by the **National Cadet Corps**; currently training for 'B' and 'C' Certificates.
- Music (playing flute, harmonium, guitar, singing), Playing Football, Content creation on YouTube, Long distance running, Cardio training.
- Active member of technical clubs in IIT Kharagpur including Hackathons related to Robotics, Smart India Hackathon etc. as well as workshops.
- Participated in workshops conducted at IIT Kharagpur on LLMs, Product Designing, Entrepreneurship, Blockchain etc.
